- Examination Notices
- Timetable
- Exam Centres
- Availability of Class rooms
- Seating arrangement
- Number of Students appearing for the exam
- Admit Cards
- Exam information (Invigilator's/ Backups/Standby)
- Repeat Exam

Aliah University

(A UGC approved autonomous Institution under the Department of Minority Affairs and Madrasah Education, Govt. of West Bengal)

IIA/27, New Town, Kolkata – 156, West Bengal

- Marks Entry
- Repeat Course
- Revaluation of Marks
- Result Preparation
- Results Publish
- Examination Regulations
- Fee for various examinations
- Minimum Passing Marks
- Office Order to see Answer Books

The Examination system in Aliah University is Semester system. Marks are awarded in the breakup of Internal Assessment, Mid-Semester and End-Semester Examination. However, an Annual Examination system is also followed in few units.

Management Systems are thus required in the following areas. A brief outline of entire activity of Examination process is given below.

Pre-Examination phase

1. Examination Application Form Management
2. Batch wise accumulation of such data and porting the same onto the database with ready user level access
3. Category wise Photo Admit Card Generation, Printing, Hosting
4. Category wise Photo Attendance Generation and Printing
5. Dispatch module of Photo Admit Card, Photo Attendance,
6. Examiner database module
7. Moderator, Head Examiner database module
8. External Examiner (Dissertation) database module
9. Generation of various reports
10. Student Document Management [Admit Card, Attendance, Mark Sheet, Certificates {Complete Pass, Merit, Rank}] etc.
11. Departmental Stationary Usage Management
12. Online/Offline filling of Exam Application Form using online/Offline payment module.
13. Scanning of Registration Form/ Examination Application Form [separately affixed with Bar Code Sticker, having the application serial number] and Cropping of Photo and Signature of the candidate from the Examination Application form.

Examination phase

1. Seat plan for candidates
2. Invigilation Management Module
3. Attendance Management
4. Examinee Absentees Management
5. Answer Script Management
6. Scheduling of Examiner for subject evaluation
7. Module for allocation of Answer scripts to the pre-scheduled Examiners
8. Module for Receipt of evaluated answer scripts from Examiners.
9. Question Bank creation, modification, generation of Question sets through random selection for regular & supplementary examinations. Encryption of uploaded and generated Question papers in the database.

Aliah University

Post Examination phase

1. Data entry for present / absent status (attendance) of appearing in the Term of Examination against a student.
2. Uploading of Practical and internal marks of individual candidates directly from the Faculty desktop as well as bulk upload of marks
3. Processing of result considering attendance, Exemption data, marks data to generate Grades, SGPA and CGPA, Marks % etc.
4. Generating and printing different statistics required to be placed before the Examination Committee
5. Generation and printing of Tabulation Sheet
6. Publishing the results through Institute's Web Site
7. Generating and Printing of Grade card / Transcript
8. Generating and Printing of Certificates
9. Marks Verification process
10. Result analytics and reporting
11. Facility for students to view their previous Semester results, Supplementary examination, Grades and Marks obtained
12. Status of the re-evaluation to be send through SMS / email to students regularly
13. Online application by students for Supplementary examination before the cut-off date
14. Finalization of Rank list after the total verification process is over
15. Generation and Publication of Rank list in the University Web Site
16. Generation and printing of Rank Certificates for the Rank Holders
17. Preparation of Prize Data and allied reports.
18. Online publication of results

Among the above modules, Module-V: End-to-End Advance Examination Module will be developed with full features required by the University and other 4 modules will be delivered with the basic mandatory features required by the Examination module for its complete end-to-end operation.

Software Platform:

1. MS .Net platform architecture
2. MS SQL Server Express for Database

Maintenance

In the post production phase, while using the system if the end users face any problems, those will have to be solved from time to time.
- The support team will fix any critical issues within 48 hours when reported by the user.
- Free Maintenance Support will have to be provided for one year.
