7.1.8 Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal, socio-economic and such other diversities (within 500 words). (5)

The University believes in building an ethos of multiculturalism, plurality, inclusiveness, tolerance and harmony to develop the idea of an integrated nation. The institution also strives to instill in its students the value of service, hardwork, respect and appreciation of people, ideas and programmes worthy of them. The concept of a clean and a healthy nation for better progress is also an agenda which propels the University to initiate programmes which involve active participation of students. All round the year, several projects and programmes are undertaken to ensure the inculcation of values which nurture the same:

- Towards fostering the dream of a shaping a nation, able and bold, The University organizes The Republic day, International Mother Language Day, Independence Day which are celebrated every year with much fanfare . They promote thoughts of a united and resolute India looking towards a future where citizens of all communities , regions, cultures and tongues can find a safe haven in this nation. This is also a clarion call for a robust progress towards blending the traditional values with the empirical and dynamic moves of the contemporary world.

- The importance of honouring and remembering great people with a purpose of following their principles to consolidate a better nation, is achieved through organization of Teacher's Day and Maulana Abul Kalam Azad Memorial Lecture. Every year, the celebration of the Teacher's Day further reminds students and faculties alike the sanctity of the entire concept and system of Education.

- With a dream of contributing in a small but in a significant way towards the making of a Swacch Bharat and a strong, healthy nation, various Health Awareness Programmes as World Aid's Day, World Hypertension Day, World Heart Day, World Cancer Day, World Breast Feeding Day and Cleanliness Programmes are organized throughout the year.

- The various Outreach Programmes organized by the NSS and sometimes Individual Departments of the University, similarly instill the value of responsibility and empathy towards the people struck by accidents, natural calamities, and such other misfortunes. Apart from reaching relief to people in far flung areas, Departments and the NSS sets up immunization

camps to spread awareness at the local level or arrange for Fit India Run Outreach programme, at community level to spread awareness. Students who are also the generation next realize their potential to be the greatest support to restore the poor and hapless to normal life and push back the nation to stability once again.

The annual Iftar Majlis during the time of Ramadan organized by the Students' representatives bring together people of all beliefs and colours and cultures within the University and in the neighbourhood to create an environment of communal harmony and amity. As such the practice converts into, 'Dosti ki Iftari'. Special mention must be made of the senior nursing staff of Calcutta National Medical College who participate almost every year in this Majlis.
