Declaration by, Sakil Akton

On May 29th, the day I came to political program in the University. I was helping my friends to put up flags. Then I went out of the University to put a pole. On the way back from there, I had some ropes and an iron rod on my hand. When I came near to the pond, at around 1:10 pm - 2:00 pm some people started to beating me very badly with bamboo sticks. (They are Asifur Rahman, Syed Zahidul Hasan, Abdul Rahman, Wadil Alam) After the incident I went to the Hospital at around 7:14 pm for medical treatment. In this situation I didn't inform to the University's Authority. In the middle night I have decided to inform to the UGC Anti Ragging cell. After a few days later I found out that they would hit me again at the end of the exam either inside the University or Out of the University. Yet they are not disturbing me.

Thanking You

Your faithfully

Sir,

With due respect, I am hereby describing the incident took place on 29th of May 2022 in newtown campus. As someone complained against me to UGC (Complaint No. WB_0040 dated: 29th May 2022)

As usual I came to the university on the said date for my research work and a meeting of AUTMCP was also scheduled on that day to which I am associated with. I came out of my Lab for a tea break and found that our AUTMCP flags are lying here and there and in place of our displaced flag SFI flag was placed. After reaching 2nd gate I found that around 5-6 person (not our students) trying to enter our campus and of our security named Tarun mondal instructing 2nd gate keeper to let the outsider enter. I informed my fellow AUTMCP members that our flag have been torned and replaced with SFI flag. When I was coming back from 2nd gate I saw 2 students armed with iron bar and with SFI flags. I asked them why they have torned our flag. ; instead of a polite answer they started abusing me using slung languages. It makes me furious. At that moment several other AUTMCP and SFI with outsider came at that place. There have been some hot talk and pushing and pulling for a while. Then one of the SFI members fell down on the ground. Then I realize that it have to be stopped. I pleaded to everyone to stop and asked outsider to go out of campus.

I strongly feel that initially become infuriated in their provocation was not suitable for me. They are my junior fellow like my younger brother. I apologize for that.

Thanks and Regards

Conclusions of the investigations

The members of the anti-ragging committee, after hearing the allegations of the complainant and after hearing the statements of the accused and investigating the CCTV footage, came to the conclusion that

1. The first complaint of the complainant was that he was going to attend a seminar but there was no seminar at the university that day and he was join activity that is student organization activity those are not permitted by the authority of the university. The student provided this wrong information to UGC which is written in Annexure-A.
2. The complainant admitted that he had made a mistake in not informing the university after the incident and under the guidance of friends, he complained to UGC without informing the university.
3. As per his 2nd Complained- "How can PhD Scholars bring a physical attack on Junior brother"- CCTV footage shows students from the two organizations arguing with each other and then students from the two organizations beating each other. There are no iron rings or big bamboo sticks that the complainants have complained about but they are fighting with hands and flag streaks. So, this incident is not a ragging because it involves clashed between two groups of students' organizations during hosting and toned down the respective organization flags and the complainant (Mr. Sakil Aktar, Roll No. ECO193008) also agreed that this incident is not ragging; it is clashed between two groups of student organization.
4. Committee Counseled both Victim and accused separately. Both sides acknowledged that they should not have been involved and they have admitted to the committee that such incidents will not happen again in the future and further no incident was happened till now after complain. He is secured & safe.

Conclusion of the investigations

The members of the Anti-Ragging Committee, after receiving the comprehensive investigating report with all the facts and documents of allegations of the complainant and statements of the accused students from Anti-Ragging Squad and finally came to the conclusion that

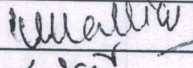

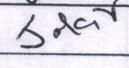

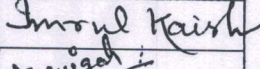

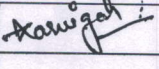

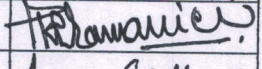

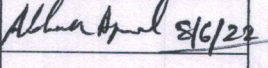

1. Mr. Mizanur Rahim, (Roll No. ECE181603) one of the most senior students in our university from 2010 and he is a research scholar of our university. The accused students Mr. Mansur Habibullah and Mirajul Islam are junior than the complainant. The complainant and accused students both were engaged in telephonic threatening, related to their personal issues which have been reported in Annexure A and B. and the conversation had taken place in social media and it was not happened within the university premises so, it cannot be referred as a ragging but it was a wrangle between two students.
2. In October 2021, the university hostel was totally closed due to the COVID-19 pandemic situation. So, there is no possibility to happen such incidents in our university and hostel premises. Mr. Mizanur Rahim did not inform to the university authority at first. Instead of informing the university authority at the first stage, he immediately lodged a complaint to the UGC Anti-Ragging Cell which was unfortunate to us and he has also admitted that he had made a mistake for the same.
3. University authority provided adequate safety and security with adequate CCTV within the hostel premises as the complainant asked for the safety and security from the university authority.
4. Anti -Ragging Squad and Anti-Ragging Committee, with the help of the H.O.D of the respective department continuously counseled to the victim and the accused students separately for stopping this type of incident in future. After continuous counselling to the students no such type of incidents was happened till now. He is secured & safe now.
