

# Accelerating Research and Innovation with Web of Science

## Electrical Engineering Department

Aliah University  
Newtown  
Kolkata

In association with

## Clarivate

Date  
26<sup>th</sup> November 2022

Time  
11 am onwards

The Electrical Engineering department in association with Clarivate organized a one-day workshop on “Accelerating Research and Innovation with Web of Science” under the headship of Dr. Rumpa Saha for the faculties, PG students and Ph.D. Research scholars across all the departments of Aliah University in online mode. The program was coordinated by Mr. Pallav Dutta, Assistant Professor of Electrical Engineering department.

Dr. Subhasree Nag, senior regional solutions consultant for the life sciences and scholarly research division at Clarivate delivered talk in this workshop.

The department sincerely acknowledges the continuous support provided by the University Authority in successful completion of the workshop.

Training presented by

## Accelerating Research and Innovation with Web of Science

### Resource Person

Dr. Subhasree Nag is a Senior solutions consultant for the life sciences and scholarly research division-South APAC at Clarivate.

She completed her PhD from Texas Tech University Health Sciences Center, USA and her post-doctoral training from Pacific Northwest National Laboratory, USA. She has authored 26 peer reviewed publications that have accrued more than 1500 citations.

At Clarivate, she engages in promoting Clarivate's drug discovery and scholarly research solutions, conducting author and research capacity workshops, bespoke consulting projects, etc. She was a co-author on the India UGC-Good Academic Research Practices guidance document released in 2020.

### The Role of Web of Science in Research and Publishing

1. What is Web of Science-Content Coverage and Curation Criteria
2. Best Practices for the various stages of your literature review-How can we help?
3. Best Citation Practices while writing a Review-The Role of EndNote
4. Developing a citation report and author research profiles in Web of Science
5. Understand Impact Citation Footprint Analysis
6. Open Access tools for discovering, promoting, and sharing research
7. Choosing the right journal
8. WoS Journal Curation Parameters
9. Avoiding Predatory Journals
10. The peer review process for scholarly publishing-Web of Science Researcher Profiles
11. What should you do after getting published?

When: 26<sup>th</sup> November 2022, 11:00 am-12:30 pm

Where: Online on Microsoft Teams
