Report

The department of Electrical Engineering has organized a student awareness program on Nov 4, 2025 at the seminar room in the 3rd floor of the Newtown campus, Aliah University. The title of the event was “**Myth and Realities of Industries: beyond Classroom**”. The program started with holy Quran recitation. Following to that, Prof. (Dr.) Rafikul Islam, Hon’ble Vice Chancellor of AU has expressed his good wishes for the well being of the event and the department. Subsequent to that, Prof. (Dr.) Kaushik Kundu, Dean, Faculty of Science & Technology, Aliah University, has expressed the importance of such programs for students.

Three speakers were invited for the program. In the pre-lunch session, Mrs. Iman Roy delivered her talk on ‘**Beyond the Bell Curve**’. Dr. Rimi Paul, Assistant Professor of EEN Dept., Aliah University facilitated the distinguished speaker at the end of her talk. In the post-lunch session, Dr. D. V. Rajan gave his talk on ‘**Indian Power Scenario and Energy Transition- Current Issues and Challenges**’. At the end of his talk, Mr. Pallav Dutta, Assistant Professor of EEN Dept., Aliah University facilitated the distinguished speaker. Mr. Subhajit Hazra gave his talk on ‘**Igniting the Core: The Realities, Challenges and Opportunities in Industry**’. Dr. Md Aftab Alam felicitated the 3rd speaker.

The students thoroughly enjoyed the event. Before conclusion, Dr. Biswapriya Chatterjee, convener of the event gave the vote of thanks. The department got the encouragement to host such events from the positive feedback of the participants.
