Aliah University Annual Anti-Ragging Report

Academic Year: 2021-2022

Aliah University is dedicated to ensuring a safe and inclusive campus for every student, strictly upholding a zero-tolerance stance on ragging in line with UGC guidelines and legal requirements. Recently, the Anti-Ragging Committee held an orientation for new students, highlighting the university's anti-ragging policies and the importance of fostering a respectful campus culture.

To reinforce this commitment, the university organized an Anti-Ragging Awareness Program spanning 2021 to 2022. This program included the display of posters and banners across the campus, emphasizing the serious consequences of ragging. Additionally, students and their guardians signed affidavits affirming their commitment to anti-ragging regulations. Surveillance measures, including CCTV in key areas, were also implemented to strengthen campus security, and each department appointed a faculty mentor to support and guide new students. A dedicated email system has been established to ensure swift and effective reporting of incidents.

These efforts have significantly contributed to creating a ragging-free campus environment. The Anti-Ragging Committee remains committed to further enhancing its initiatives and adding resources to uphold this standard of safety and inclusivity.

Total incidents reported in the academic year 2021-2022 are two, with a summary of these incidents as follows:

A complaint was received from the UGC Anti-Ragging Cell to the University on 09th February 2022 (Ref No. ARCC/WB-6823 dated 09 February 2022). The Anti-Ragging Committee processed the complaint and sent the report to the UGC Anti-Ragging Cell on 07.07.2022 and the complaint (ARCC/WB-6823) was closed by the UGC Anti-Ragging Cell.

A complaint has been received from the UGC Anti-Ragging Cell to the University (Ref No. WB_0040, dated: 29 May 2022) on 29th May 2022. On 23.06.2022 the Anti-Ragging Committee sent a report to the UGC Anti-Ragging Cell after investigation and the complaint was closed by the UGC Anti-Ragging Cell (Ref No. WB_0040).
