AU/REG/1165/24

Date: 06-12-2024

NOTICE

CREATION OF ABC ID FOR 2021, 2022 BATCH STUDENTS

UG and PG students (Year of admission 2021 and 2022) are hereby intimated that it is essential for all of you to create your ABC ID. Emails have been sent to your respective Head of the Department with a Google Form (https://forms.gle/DV71ewtdcRA7iYb86) to upload the data. However, many students are yet to give the details required. Please note that unless your data is uploaded you may find it difficult to apply for government jobs. Notably, document verification via DigiLocker has already been implemented in railway examinations, and it is expected that other government departments will follow this practice.

For any clarification, please contact Prof. Muklesur Rahman of Physics Department or Dr. Biman Chakraborty (8972714143) of Mathematics & Statistics Department.

I strongly urge the 2021 and 2022 Batch students to complete data submission at the earliest but not later than 15th December 2024. You may also scan to submit the data via Google form:

Best wishes,

P.Ahmed 6/12/24

PROF. PARVEEN AHMED ALAM

Registrar (Officiating)
