

## ABOUT THE UNIVERSITY

Aliah University started its glorious journey from the 2008-09 academic session with great potential and immense opportunities. It is hoped that this university, harmonizing tradition and modernity, will emerge as a unique institution of higher studies and research. As per Aliah University Act 2007, Section 3 (3), it has been conferred the status of a minority educational institution. Aliah University is an autonomous university under the Department of Minority Affairs and Madrasah Education, Government of West Bengal. It is hoped that along with the people of any race, creed, caste or class, this University will play a crucial and leading role in the advancement of higher education for socially and educationally backward classes belonging to the Minorities.

## ABOUT THE WORKSHOP

Research is a systematic and structured process of investigation and inquiry aimed at discovering, interpreting and revising knowledge in a specific field or discipline. But in today's complex and interconnected world, research problems often transcend disciplinary boundaries, requiring innovative and collaborative approaches to find solutions. To address this need, a workshop on multidisciplinary research methodology is being organized by the Department of Education, Aliah University, to bring together researchers from diverse disciplines to share knowledge, methods and perspectives.

The workshop aims to equip participants with a comprehensive understanding of multidisciplinary research methodologies. It aims to familiarize participants with cutting-edge research techniques and different data analysis techniques. The main aim of this workshop is to enhance research skills among the participants and to increase the ability to analyse data by applying different statistical techniques.

Through a combination of lectures, discussions and hands-on exercises, participants would gain insights into qualitative, quantitative, mixed-methods approaches and various data analysis techniques. The workshop will provide a platform for researchers to share their experiences, challenges and successes in conducting interdisciplinary research. Moreover, this workshop will also guide participants in writing quality research articles to publish in reputed journals by fostering collaboration and knowledge sharing. Resource Persons shall be invited from the reputed institutions of the country.
