

## **Department of Computer Science & Engineering**

### **Reg. Formation of On-line Study Group:**

This is for the information of all concerned that the department of Computer Science & Engineering has taken initiative to begin on-line interaction with students during the period of lock-down enforced by the emergency situation of Covid-19 pandemic.

Each study group has one full time faculty of the department as coordinator who would supervise over the online academic activities. Following is the detail of the groups:

Group	Coordinator
B.Tech 1 <sup>st</sup> Year (CSE):	Mr. Zafar Sarif
B.Tech 2 <sup>nd</sup> 3 <sup>rd</sup> 4 <sup>th</sup> Year:	Sk Md Mosaddek Hossain
M.Tech:	Dr. Ayatullah F. Mollah
BCA:	Mr. Ahsan Mullick
MCA, MSc:	Dr. Nashreen Nesa
PhD Coursework:	Dr. Zeenat Rehena

Students might ask relevant questions and the concerned subject teachers would try to respond at the earliest. The response of the teacher might be in the form of typed explanations, study material in the form of pdf/image, relevant online link or an answer posted through voice recorder.

The students are being advised to feel free to seek help for those portions of the syllabus which have already been taught. And for those sections of the syllabus which have not been taught, the teachers would try to provide text and supporting material in the group as much as possible.

For the time being, the groups would operate using the platform of WhatsApp/Email etc. as suitable by respective subject teachers. We might look for more sophisticated on-line learning apps later.
