

Evaluation pattern for End Semester Theory Examination

1. Each theory paper in the End Semester examination carries total 50 marks (equivalent to 4 credits) of which 10 marks will be evaluated under TA. Hence the end semester examination will be of 40 marks for 2 hours duration.
2. The questions for each theory paper will be in the following format-
(Note- The first questions will be compulsory. Three questions have to be answered from the rest).
 - a. Short questions 1 mark X 10 = 10
 - b. Short notes 2.5 marks X 4 (of 6 options) = 10
 - c. Brief answer questions 5 marks X 2 (of 3 options) = 10
 - d. Long questions 10 X 1 = 10
 - e. Long questions 10 X 1 = 10
3. In case there is any change in total number of marks/ credits for the end semester examination, the marks would be proportionally adjusted as per the scheme above.
